## QUEBEC PARTY NOW ON A VISIT TO THIS CITY

Eastern University Men Amazed at Agricultural Development of British Columbia; Trip Will Promote Closer Unity Between French and English Speaking Peoples of Dominion.

Nearly 100 students and members of the faculty of the University of Montreal, as well as public men of the great Eastern city, far-famed as a centre of education in Canada, arrived in Victoria this morning from Vancouver, at the end of their trans-continental tour. During the trip they have gathered information and formulated impressions of the country through which they pass, with a view to encouraging a possible exodus of French-Canadian peasantry to the West and to facilitate the binding together of the bi-lingual peoples of Canada.

## SECOND STEP IN CAMPAIGN ON FRUIT TRADE IS AWAITED

Seizure of Books of Number of Companies in Western Canada First Move

J. C. McRuer of Toronto is Acting For Federal Government in Matter

Ottawa, July 15.—The seizure by the Royal Canadian Mounted Police of the books of several western fruit companies marks the first step in the prosecution based on the findings of the Duncan Commission under the Combines Investigation Act. J. C. McRuer, K.C., who is conducting the case for the Federal Government, recently was in conference with Hon. James Murdock, Minister of Labor, but when approached to-day the Minister declined to state what the next action would be.

## PROVINCES CO-OPERATED

The report which found that a fruit combine existed was tabled in the House of Commons by the Minister of Labor February 18. Under the act, the provinces concerned are given three months in which to take up prosecutions. In this case, the Attorney-General of the four western provinces intimated they would prefer to have Federal action taken, but promised co-operation.

The case is now in the hands of the Department of Labor and the Department of Justice.

The seizure of the books and correspondence was made yesterday in a number of cities between the Great Lakes and the British Columbia coast.

## NEW EFFORT TO END COAL MINE DISPUTE

London, July 15.—The British Government has made fresh efforts through W. C. Bridgeman, First Lord of the Admiralty, to bring the dispute between coal miners and mine owners together at a conference table.

Responding to a letter sent last night to Scarborough, where the Miners' Federation is holding a conference, the secretary of the organization, and other members of the executive committee will come here to discuss the crisis with the Admiralty official, who is acting as mediator.

## MACKINNON CUP WON AT BISLEY BY CANADIANS' TEAM

Marksmen Made Score of 1,084 Out of Possible 1,200; England Was Second

Bisley Camp, July 15.—Canada won the Mackinnon Challenge Cup, open to teams of twelve, at 900 and 1,000 yards, ten shots and one sighting shot per man at each distance, with a time limit of one hour and a half. Canada's score was 1,084 out of a possible 1,200. England scored 1,045 and Scotland 1,061.

## AGRICULTURAL EXPERTS

Agricultural experts of the University of Montreal party, who arrived here to-day, are amazed at the agricultural development of this Province. After looking over the farms of the rich Fraser Valley during their trip into Vancouver yesterday they came to the Island to-day to see the farms of the Saanich Peninsula, marveling at the progress made by British Columbia in the great basic industry of Quebec.

## DEVELOPMENT WONDERFUL

"The intensity, the luxuriance of the growth in this country is what astounds us," exclaimed Narcisse Savoie, secretary of the Quebec Department of Agriculture, who spent this morning conferring with officials of the B.C. Agricultural Department here. "The development is really wonderful. We had known that your climate was such as to promote farming. Now we know that you are taking advantage of this condition."

## ENVOIUS

When Mr. Savoie was shown samples of Timothy hay, six feet tall, grown in the rich lands reclaimed by the Government at Sumas Lake, he was frankly envious. "I have never seen such hay as this in the East," he admitted. "It is wonderful." The hay shown to him came from the farm of Hon. E. D. Barrow, Minister of Agriculture, in the reclaimed Sumas area. The Quebec expert was surprised to see the big developments that have taken place at Sumas.

## COMPLIMENT

G. E. Marquis, chief of the Bureau of Statistics of Quebec, conferred with Government officials here to-day to investigate administrative methods. Mr. Marquis paid British Columbia the compliment of saying that it reminded him of Quebec.

"You people here, you know how to live," he remarked delightedly. "You are doing it in Quebec."

## SIXTEEN HURT IN CLASH AT MINE

5,000 Strikers Surrounded Pit in Wales Where 700 Men Were Working

Cardiff, Wales, July 15.—Sixteen men were injured to-day in a collision between strikers and police at the Rock colliery at Glyneath.

Five thousand strikers surrounded the pits, where 700 miners still stuck to their work. A force of 100 police was called to disperse them and the clash followed.

The situation is still very tense, the remaining miners decided to quit and the mine was closed.

## FIRM POLICY AND BRITISH AND U.S. CO-OPERATION IN CHINA DECLARED NEEDED

Chicago, July 15.—Japan is interfering with the affairs of China to a greater extent than the other powers; Russia seeks to create dissension; the United States sincerely desires to aid China, but might accomplish more by a firmer policy in the Far East, according to the Norman Wait Harrison Foundation.

Great Britain, Japan and the United States had the greatest commercial interests in China, he said, while France and Russia were described as having important political interests. He outlined their various policies: "British policy aims at the maintenance of the open door and equal opportunity, extension of commercial and industrial facilities in China, maintenance of existing treaty rights and peace on the Indian-Tibetan frontier."

JAPAN'S COURSE  
"Japan plays a more active part than any other power in China's internal affairs. It is notorious as to its policy."

## NEW LEADER OF ELKS; JUDGE W. H. ATWELL

The picture above reached Victoria to-day from Portland, Oregon, where at the annual reunion of the grand lodge of the Benevolent and Protective Order of Elks on Tuesday Judge William H. Atwell was unanimously elected Grand Elks of the district.

## NEW NOVA SCOTIA CABINET IN CONTROL

Conservative Ministry Headed By Hon. E. N. Rhodes Sworn in To-day in Halifax

Announcement of Several Courses of Action Contemplated is Awaited

Halifax, July 15.—With one new portfolio added and a smaller group of Ministers without portfolios, as compared with the late Liberal Government, Hon. Edgar N. Rhodes, leader of the Conservative party in Nova Scotia, formed his Cabinet to-day, and he and his colleagues were sworn in by Lieut.-Governor Douglas to succeed the Armstrong ministry.

The Conservatives were returned to power in the general election of June 25. Mr. Rhodes was called to Government House last evening and asked to form a government. This morning at 11 o'clock he presented his Cabinet to the Lieutenant-Governor, who swore the new Premier into office.

Premier Rhodes arranged for a Cabinet meeting to be held this afternoon, at which it is anticipated he will make announcements as to immediate prospective reference to the situation in Cape Breton.

(Concluded on page 2)

## ARMED THUGS IN NEW YORK MADE HAUL OF \$100,000

New York, July 15.—Five armed robbers to-day held up the Stanley Jewelry Store on West 125th Street, handcuffed three employees and escaped with jewelry valued by the proprietor at \$100,000.

The robbers fled in an automobile driven by a sixth man.

## Heavy Bail For Andrew H. Pepall

Toronto, July 15.—Justice Rose this afternoon consented to accept bail for Andrew H. Pepall, committed for trial at the Fall Assizes on four charges arising out of the Ontario bond transaction scandal.

The amount was fixed at \$150,000. In addition Pepall himself must provide bonds for an equal amount.

## U.S. OFFERED ONLY \$1,706,000 FOR 200 STEAMSHIPS TO BE SCRAPPED

Washington, July 15.—Henry Ford to-day offered \$1,706,000 for the 200 United States Shipping Board vessels set aside for scrapping. His bid compares with \$1,370,000 offered by the Boston Iron and Metal Company of Baltimore when a previous set of bids was opened June 30, the Baltimore company's tender being favored by President Palmer of the Fleet Corporation, but rejected by the Shipping Board, which called for new proposals.

## TAXPAYERS PAY CITY IN ADVANCE

Early Payments Take Big Jump in Two Weeks

Advance payments of taxes at the city hall took a big jump during the past two weeks, with \$32,404.95 received, bringing the year's total, including interest credits to \$324,131.37.

## PASS QUARTER MILLION

Prepayments on account of taxes, mostly local contributions, passed the quarter million-dollar mark this morning when July payments of \$13,328.31, under this head brought the total to \$250,621.23, with an interest credit of \$9,399.04.

Taxes paid in full, mostly by out-of-town ratepayers, aggregate \$62,765.58 with a July addition of \$19,066.64. The interest credited these ratepayers has been an important attraction, the aggregate being \$1,351.46. This income has accrued in the course of the few weeks which have elapsed since City-Presser Smith went out advance tax bills and an explanatory circular to several hundred property owners resident in Eastern Canada, the United States, Great Britain, France, Germany, Belgium and Italy.

## LILLIAN HARRISON FAILED TO SWIM ENGLISH CHANNEL

Started From French Side; Gave Up Attempt When Five Miles From Dover

Cape Gris Nez, France, July 15.—Miss Lillian Harrison, youthful Argentine swimmer, was forced this afternoon to abandon her attempt to swim the English Channel five miles from Dover, on the English side.

She began her third attempt to swim the channel this morning, entering the water here at 4:25 o'clock. Had she succeeded in her battle against the treacherous channel current she would have been the first woman to accomplish the feat, in which only a few men have been successful.

## WOMAN DROWNED

Guyabaro, N.S., July 15.—Alice Ferguson, twenty-five, of North Intervale, was drowned in a lake near here yesterday while a soldier of picknickers looked on, helpless to save her.

## BAIL EFFORTS ARE FAILURE

Vancouver, July 15.—Provincial police officials announced that failure had again attended the efforts to arrange bail for William Robinson, seventeen-year-old youth, who with his father must stand trial on charge of having shared in the kidnapping of Wong Foon Sing, Chinese houseboy. To-day he will be taken to the juvenile detention home at Esquimalt where, unless bail is raised, he will remain until the Fall Assizes.

## NEW DUTCH CABINET

The Hague, July 15.—Queen Wilhelmina has asked Finance Minister Colijn to form a ministry.

## PINEPO FLIGHT PROCEEDS

Sydney, N.S.W., July 15.—Commander de Pinepo, Italian aviator, arrived here to-day from Melbourne on his way to Japan.

## STATES VIEWS AT EVOLUTION TRIAL

DR. MAYNARD METCALF

zoologist of Oberlin College, Ohio, answered questions on evolution at yesterday's session of the Scopes trial in Dayton, Tennessee. He was on the stand again this morning for a few minutes, but was stood aside until later in the trial. He is referred to as "the test witness."

## DARROW HOPES TO SHOW DAYTON JURY WHAT EVOLUTION IS

Opposes Hampering of Scopes Defence in Offering Scientists' Testimony

A. G. Hayes to Make Final Defence Argument at Tennessee Trial

Dayton, Tenn., July 15.—Argument on the question of whether scientific testimony should be admitted in the trial of John T. Scopes occupied all of this morning's session of the case of the young school teacher charged with teaching evolution theories, and was to continue into the afternoon.

Dr. Maynard Metcalf, professor of zoology and long engaged in research, read the stand at the opening of the day's session. He started his testimony yesterday with the jury excluded.

Before Dr. Metcalf could answer Clarence Darrow's first question on evolution, Attorney-General A. T. Stewart objected to continuation of this testimony, the state claiming the witness had testified at sufficient length to show the nature of the testimony.

## NOT IN AGREEMENT

It was said, however, that the court and attorneys were not in full accord as to the procedure in the case of the "test witness," the defence proposing to put him on the stand again if the evidence should be admitted.

The court requested Dr. Metcalf to stand aside.

Clarence Darrow then stated the defence expected to show the Bible was not in conflict with the theory of evolution.

"We expect to show what evolution is," he said. "We submit the jury cannot decide the case intelligently without knowing what evolution is."

It was announced that Arthur G. Hayes, of defence counsel, would make the argument of the defence, and this led to a discussion of the order in which the arguments would be delivered.

(Concluded on page 2)

## PEDRO ZANNI WILL BE HERE ON MONDAY

Argentine Airman is Passenger With Party on O.S.K. Africa Maru

Inbound from the Orient with the Argentine aviation party on board, the O.S.K. Africa Maru has wireless word of her expected arrival here Monday. The message from her master states that she hopes to reach William Head by noon on July 20, and will dock after the usual quarantine formalities.

Major Pedro Zanni, the Argentine aviator who made a brave attempt to encircle the globe by air, and his party are on board. The Zanni flight came to grief in Japan after the aviator had covered the European and Eurasian flights in phenomenal time, in the wake of Major Stuart MacLaren, the British entrant for world flight honors.

The loss of his first machine, and also a spare wrecked the Argentine aviator's plans for the world flight.

The Africa Maru is expected to dock at the outer wharf about 1 o'clock on Monday afternoon.

## R. V. LINDABURY DIED

Barnardville, N.J., July 15.—Richard V. Lindabury, general counsel of the United States Steel Corporation, was found dead from apoplexy on his estate here to-day after the horse on which he was riding had fallen with him.

## FARMERS WELCOME RAIN IN ONTARIO

Toronto, July 15.—Rapidly moving eastward, an electrical storm which in some districts was of great intensity, broke over Western Ontario this morning, accompanied by heavy rains which will prove very beneficial to parched farm lands. Telegraph communication was interfered with.

## SPECTACULAR BLAZE TO-DAY AT BRIDGEWATER, N.S., RUINED LOCOMOTIVES, CARS AND SHOPS

Large Quantity of Stores Belonging to Canada's National Railway System Destroyed Before Fire in Eastern Town Was Brought Under Control.

Bridgewater, N.S., July 15.—Fire which broke out at 12.50 this afternoon destroyed the machine shop, car shop, eight locomotives, a number of cars and a large quantity of stores at the Canadian National Railway shops here. The fire was under control at 1.30 p.m.

## H. MCCANDLESS, PIONEER CLOTHIER, DIED HERE TO-DAY

Had Been Associated With Johnson Street Firm For Forty Years

Henry McCandless of the well-known firm of clothiers, McCandless Brothers, of Johnson Street, passed away this morning at his residence, 525 Craigflower Road. Mr. McCandless had been ailing for a long time but was able to attend to his business until about a month ago when the complaint from which he suffered took a more serious turn, leading to his death this morning. A native of Bayview, London, Ireland, the late Mr. McCandless came to America forty-five years ago. For about four years he lived in Philadelphia, until the West lured him and he reached Victoria about forty years ago, residing here ever since. For almost the whole of that time he has been identified with the men's clothing business. The present firm of McCandless Brothers on Johnson Street, started as the firm of Gilmore and McCandless, the two brothers, A. G. McCandless and Henry McCandless being associated.

(Concluded on page 2)

## ENGINEERS MET IN BANFF, ALBERTA

Banff, Alta., July 15.—The engineering institute of Canada held the last meeting of the Western provinces convention here yesterday.

P. H. Peters, director of the topographical surveys branch of the Department of the Interior in a paper on the history of the survey, the convention showed what Canada was doing in this work, and stated the Dominion led in the science of aerial photography.

## H.M.S. Capetown to Arrive August 7

The H.M.S. Capetown, British cruiser now reported at Honolulu after a voyage to the West Indies, will visit Victoria for a twelve-day stay in August, Mayor J. Carl Penderay was officially notified by Commander Brabant, Senior Naval Officer, Esquimalt. The H.M.S. Capetown will arrive at this port on August 7 and will remain here until August 18.

## COURT ORDERS RELEASE OF ORIENTALS

Commitment Not in Order, Mr. Justice Murphy Rules

Were Sentenced in City Court to Fines and Prison Terms

In the Supreme Court Chambers to-day, Mr. Justice Murphy quashed the convictions against Wong Jack Kow and Wong Sun, sentenced several days ago by Magistrate Jay to fines and prison terms on a charge of having opium in their possession. Stuart Henderson, appearing for the Orientals argued that both had been convicted under a repealed act. The omission of the date from the act named left the conviction open to argument.

"These men might just as well have been convicted under the Government Liquor Act," said Mr. Justice Murphy. "The men were convicted under a repealed act, a regret exceedingly quashing convictions in this way, but there is no such thing as the Opium and Narcotic Drug Act."

## FOUR OTHERS

There are yet four other Chinese men charged and convicted on similar grounds, for whom Mr. Henderson is appearing and in every instance he is appealing on the same or similar grounds.

Lee Back Hing, Wong Yuen, Ah Tam and Wong Yet all have been convicted. Three of these men were sentenced in Vancouver courts, but Ah Tam is a Victoria conviction. Judgment in these cases was reserved with leave to consult authorities.

## OPIUM SEIZED

When Wong Jack Kow was arrested with Wong Sun in a combined raid by city police and Dominion Customs officers, and opium was found in their possession, the Crown's case was strong and a conviction followed. Heavy fines and prison sentences were the result of their trial, but on a writ of habeas corpus both men secured hearing in a higher court through Mr. Henderson.

## UNREST IN CHINA CONTAINS THREAT AGAINST SHAMEEN

Y.M.C.A. Worker Twenty Years' Resident in Tsientsin Fears Trouble Will Follow

Growth of Nationalist Movement in China at Back of Present Demonstrations

Grave fears for the safety of Shameen, the foreign settlement at Canton, were expressed by R. H. Hersey, general secretary of the Y.M.C.A. at Tsientsin, who with Mrs. Hersey and three sons was a passenger on board the President McKinley docking this morning from the Orient.

At Shanghai, stated Mr. Hersey, the international settlement is more secure and is fully policed by a large and well drilled volunteer force.

## PRECARIOUS STATE

The foreign settlement at Canton, however, is in a more precarious state and the feeling is general among white residents that serious attempts to take the settlement may be made. The Shameen has been the centre of most of the disturbances of recent reports as is the international settlement at Canton.

(Concluded on page 2)

## MacMillan Arctic Party Delayed On Labrador Coast

Washington, July 15.—The crew of the MacMillan Arctic ship Bowdoin is having a difficult time repairing the broken propeller of the vessel at Hopedale, Labrador, Commander MacMillan reported in a radio message received here to-day by the National Geographic Society. It apparently was filed last night.

## MANY MOSQUITOES

"With the thermometer at 70 degrees Fahrenheit and swarms of mosquitoes getting into our ears, eyes, mouths and noses, you can imagine our difficulties, in comparison to which pack ice, icebergs, thick fog and gales of wind are a trifle and even looked forward to with pleasure. Our only encouragement is that the height of the tides is increasing, which means that ultimately the job will be done."

### GOVERNMENT FINDS JOBS FOR 45,061 WORKERS IN B.C.

Big Service Rendered to Men and Women of Province, New Figures Show

Prairies Well Satisfied With Harvesters Sent to Them From Here.

That 45,061 men and women in British Columbia were placed in employment by the Government Employment Service, sums up the report for 1924 on the work of that branch of the Department of Labor, which the general superintendent, J. H. McVety, has presented through the Deputy Minister of Labor, J. D. McNiven, to the Honorable A. M. Manning, Minister of Labor.

Of the total number placed in employment, 26,498 were sent to regular positions, where the duration of employment ranged from a minimum of two weeks to permanent. The balance, 18,563, filled "casual" vacancies, where the period of employment did not exceed two weeks. The number of women placed was 7,805, of which number approximately 4,000 were for casual employment.

#### CONGREGATED HERE

The report gives an interesting survey of employment conditions in the Province during 1924. Unemployment was not so prevalent during the early part of the year as during the corresponding months in preceding years. Later large numbers of unemployed men congregated in the cities of Vancouver, Victoria and New Westminster and the surrounding municipalities, owing to the attraction of the milder climate of the coast area and the closing of seasonal industries.

The condition was further accentuated by a continued depression in the lumber industry, resulting in many of the companies reducing their staffs, and by a steady flow to the Pacific Coast of new arrivals. While there was some distress as a result of unemployment, conditions were not such as to necessitate any extensive relief measures.

#### HARVESTERS

In March and April approximately 500 men were sent to the prairie provinces for Spring ploughing and seeding, and in August and September, 5,380 persons were sent to Alberta and Saskatchewan for harvest labor, but owing to unfavorable weather conditions and also to a general lack of work, not so many were sent as in previous years.

#### FARES SUCCESSFUL

The arrangement for the transfer of harvesters in previous years applied only to Vancouver, Victoria and New Westminster and the territory adjacent to these cities. In 1924 the rates were made applicable to Prince Rupert, Prince George and intermediate points, and the territory between them. The result was an unusual success. 1,962 settlers from 193 different rural communities, including the entire of the reduced rates, of the men sent to the prairie, 3,912 were in possession of letters from farmers by whom they were previously employed offering an engagement for the coming season. The number of employers who are satisfied to re-engage workers from this Province year after year is a tribute to the help sent through the Employment Service during the initial period.

#### FRUIT LABOR PROBLEM

Referring to the employment service and the fruit industry, the report says that, where the acreage under cultivation increases faster than the population in the several districts, the task of securing the necessary labor to handle the crops becomes a serious problem. The low prices obtained by the growers for their products has compelled a corresponding low rate for fruit pickers. Where the work is located close to centres of population and the pickers can return to their homes at night, the problem has not been so great, but pickers who must camp or board expect a much greater return than the industry has been able to pay.

#### DISABLED VETERANS

The report speaks of the negotiations between the Dominion and Provincial Minister of Labor, as a result of which an agreement was signed whereby the placing in employment of disabled ex-Servicemen would be handled by the Employment Service under the control of Provincial officials. The Dominion Government providing some additional staff in Vancouver and Victoria, without additional expense to the Province.

In the first month after the new arrangement was entered into, 115 handicapped men were placed in employment, some of it being of a casual nature, but all of assistance to the handicapped ex-Servicemen.

The Business Ladies' Club of the Victoria City Temple will hold a beach picnic at the Willows Beach, on next Wednesday. There will be games and sports of various kinds. You don't require to bring a basket, because an excellent supper (cafeteria fashion) from 5 to 7 p.m. It is hoped to make this a big congregational picnic, and all members, adherents and friends of the City Temple are invited to take advantage of the opportunity to become better acquainted and enjoy a real good afternoon out of doors.

### TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, July 16, 1900

The Boston Bloomers of Victoria were defeated last night in one of the fastest games of the season for the B.C. championship to the final score of 12-10 by Kamloops.

A large number enjoyed the delightful programme rendered by the Fifth Regiment band at Beacon Hill Park yesterday afternoon.

The boilers for the pumping station at North Dairy Farm, which are being constructed at the Albion Iron Works were tested and found to be satisfactory.

A meeting of the City Council was held in the civic chambers this afternoon at 2.30 o'clock. Mayor Hayward was in the chair.

### SENT TO MOROCCO BY FRENCH LEADERS; MARSHAL PETAIN

Paris, July 16.—The importance of pending French plans for large scale operations in Morocco to crush Abdel-Krim's Riffian invasion of the French zone was indicated today when it was announced that Marshal Petain would leave at once for Morocco to confer with Marshal Lyautey, resident French Governor of Morocco.

They will determine details of the French campaign against the Riffian leader.

Marshal Petain will leave for Tunis, to-night and fly from there to Rabat, French Morocco.

The War Department has ordered to Morocco reinforcements equivalent to an army corps.

### UNREST IN CHINA CONTAINS THREAT AGAINST SHAMEEN

(Continued from page 1)

The anti-foreign demonstrations, says Mr. Hersey, are the outcome of many years of propaganda aided by the movement of the Chinese nationalist forces for an independent control of the country. Irritation against the British settlers has been fostered by the attitude of Britain on the opium question, while anti-Japanese feeling comes from a more direct source.

While British and Japanese are largely the butt of the present demonstrations all foreigners are made to feel that their presence in the country is unwelcome. This, says Mr. Hersey, is having an immediate effect on trade, and shipments already are falling off. Without confidence in the distribution system of the country little active trade development is being undertaken by foreign firms.

Questioned as to the seriousness of the rioting Mr. Hersey gave it as his opinion that only at Canton was the trouble likely to assume serious proportions. Elsewhere the anti-foreign demonstrations have been more pacific.

Mr. Hersey states that all who have lived there have seen the present trouble coming with the growth of the nationalist movement. He is now on his third tour of this country and will spend the next nine months in visiting his home and relatives in the Eastern states. With the exception of the war period, where he served overseas with the R.E.F., Mr. Hersey has spent the last twenty years of his life in Y.M.C.A. work at Tsientsin.

A similar story was told by Rev. B. L. Ancell, principal of the Mahan School, Yangchow, who is on a ten months' vacation after five years in an inland mission school. Accompanied by Mrs. Ancell, he will route east over the Canadian National Railway on a brief holiday tour of Canada before going to his home in Virginia.

#### STUDENT LEADERS

Throughout the country, states Mr. Ancell, students have been the voice of the demonstrations, giving an insight into the hold the anti-foreign movement is taking on Chinese national life. In the movement Rev. Ancell sees the growth of a New China moving blindly but persistently for international independence and the full status of nationhood under her own control.

The boycott closed many of the schools and others caused a variety of trouble until most institutions closed their doors well in advance of the Summer holiday season.

#### NEW NOVA SCOTIA CABINET IN CONTROL

(Continued from page 1)

**CABINET LIST**  
The new Cabinet, the first Conservative Ministry in Nova Scotia in forty-three years, is composed of the following men:

Hon. E. Nelson Rhodes, Premier and Provincial Secretary and Treasurer.

Colonel the Hon. Gordon Sydney Harrington, K.C., Minister of Public Works and Mines.

Hon. John Narey Douglas, Attorney-General.

Hon. John Archibald Walker, Minister of Natural Resources and Provincial Development.

Hon. Percy Chapman Black, Minister of Highways.

Members of the Executive Council without portfolio: Hon. Josiah Frederick Fraser, Capt. the Hon. John Flint Cahan, Hon. Benjamin Lablanc, M.D., and Hon. Wallace Norman Rhodes, M.D.

### QUEBEC PARTY ON VISIT TO VICTORIA

(Continued from page 1)

#### ENJOY LIFE

"You are not rushing all the time. You enjoy life. In the other cities of the prairies and other parts of the country everybody rushes and if you don't rush you are simply pushed along. Here it is different and much more comfortable. This Province is a revelation to us and Victoria particularly charms us. Nowhere have I seen in Canada Parliament Buildings so impressive as those here. There is an architectural beauty in the buildings themselves and a beauty in their setting which is irresistible."

Mayor Charles Duquette of Montreal on his arrival here expressed himself as charmed with Victoria, and immensely pleased with the country he has seen during his journey across the continent. Mrs. J. Carl Pendray, wife of the Victoria mayor, presented the eastern civic head with a huge bouquet when the party stepped off the ship this morning, to be greeted by Victorians.

Mayor Duquette thanked her fittingly and profusely, saying that it must be a beautiful city which could produce such wonderful flowers.

#### ANNUAL TOUR

Such tours as the one which is at present being undertaken which, it is intended, shall be made annually, will go far in keeping the relations between English and French-speaking people in Canada friendly and tolerant, comprehensive and sympathetic, members of the visiting party state.

With the possibility of a migration of French-Canadian farmers from the East to the West, this party is gathering information that they may acquaint those in the eastern cities, towns and villages with conditions in other parts of Canada than their own.

#### DARROW HOPES TO SHOW WHAT EVOLUTION IS

(Continued from page 1)

During the discussion between the Attorney-General and Mr. Hayes the court admonished the attorneys to adhere the court instead of each other.

Dudley Field Malone also attempted to address the court and Judge Raulston again said: "I can hear only one at a time."

#### SAYS TESTIMONY BARRED

Resuming, the Attorney-General insisted the fact that the state's contention must be accepted precluded any testimony intended to show there was or was not a conflict between evolution theories and the story of Divine Creation as taught in the Bible.

Mr. Malone then went into a discussion of who should be considered the author of the motion, and thus have the right to open and close. Judge Raulston declared he did not think "there was much at issue." He said it made little difference who opened and closed, as he would listen patiently "in the middle or at the end." He ruled, however, that the motion had been made by the state and therefore the state, under the law of Tennessee, would open and close.

#### YOUNGER BRYAN SPOKE

William Jennings Bryan Jr. opened for the prosecution.

The jury, excluded from the courtroom yesterday during the testimony of Dr. Maynard M. Metcalf, "test witness," was still out of the room. Dr. Metcalf, a zoologist, gave testimony regarding evolution yesterday to show the nature of the evidence the defence would insist on.

The argument by William Jennings Bryan Jr. was heard by the court. He characterized the expert testimony suggested by the defence as the "weakest, the most capable of abuse and the most dangerous."

He said Mr. Darrow during the Loeb-Leopold trial had characterized experts as "purveyors of perjury."

#### COMMONER LISTENED

During his son's speech, William Jennings Bryan sat just behind him and listened intently to every word, leaning forward at intervals to hear. Finally the Florida man moved his chair and took a seat several feet nearer his son.

The defendant, John Thomas Scopes, seated with his counsel, listened with his elbows on a table and apparently followed the argument closely.

### Buzzard Indians Go on Warpath

Rio de Janeiro, Brazil, July 16.—Dispatches to newspapers here state a tribe of Indians known as the Urubus, meaning buzzards, are on the warpath and have swooped down from their mountain homes in the interior of the state of Maranhao, killing four people and pillaging property in the thinly-populated coffee and farm region of the district.

The inhabitants are asking aid from the Federal Government as the farmhouses of the scattered settlers are far apart and the state police force is not sufficient to afford full protection.

## You Simply Can't Resist These Chrysler Six Results

The public is even more enthusiastic over Chrysler Six results today than it was when the car's introduction created an exciting and sensational chapter in motor car history.

Never has a motor car combined so many engineering advances. Here are some of them.

An oil-filter (Purolator) that automatically and continuously cleanses all motor oil; an air-

cleaner that keeps road dust and grit out of the cylinders; seven-bearing crankshaft and camshaft; thermostatic control of motor heat; a new type of rear spring suspension that eliminates side-sway; Watson stabilizers which eliminate rebound shock at any speed.

The appeal of the Chrysler Six is irresistible.

Try it yourself. We are always glad to put a car at your disposal.

## VANCOUVER ISLAND NEWS

### SIDNEY FIGHTS FOR NEW BREAKWATER

Will Seek Co-operation of  
Victoria Chamber of Commerce

**Special to The Times**  
Sidney, July 15.—The regular monthly meeting of the Sidney Board of Trade was held in Wesley Hall on Tuesday. The breakwater committee reported that a petition to the Hon. Mr. J. H. King, M.P., Minister of Public Works of Canada, had been printed by the kindness of the Sidney Review. This was now in circulation for signatures. The President, H. A. McKillop, Mr. C. C. Cochran and Secretary W. H. Dawes are to meet the directors of the Victoria Chamber of Commerce to secure their co-operation. The parks and beach committee reported that the bathing houses had been built and would be painted in a few days. The thanks of the committee were extended to Mr. Ira Brethour and F. Wallis for their valued assistance, also to Captain Draper, Mr. J. Green of the Ss. Puget, Puget Sound Navigation Company, for their donation towards the expense; also the Sidney Freight Service, Shade & Brethour, for hauling lumber free of charge.

**CONVENTION REPORT**  
President H. A. McKillop reported on the convention of the Associated Boards of Trade of Vancouver Island at Duncan last week. The banquet was voted a complete success in every way. The addresses of Mr. C. P. W. Schwenger, president of the Victoria Chamber of Commerce, on "The West Coast of Vancouver Island and its Potentialities," and the Hon. Dr. J. D. MacLean, Minister of Finance, on "The Sources of Revenue of the Province of B.C.," were both interesting and instructive. The Sidney resolutions were all unanimously adopted, the resolution on the arbitrary rate on lumber against Vancouver Island was withdrawn as the result of information received from the Victoria delegates. The next convention of the board was extended to Mr. C. C. Cochran for his courtesy in conveying the Sidney delegates and members in his car.

**PARKING**  
The question of enforcing the new regulations in regard to the parking of cars on the highway pavements was discussed and recommendations of the board will be forwarded to the Automobile Club of B.C. and the Provincial police. A letter was read from the Hon. W. H. Sutherland, Minister of Public Works. A lengthy communication was received from the P.G.E. committee asking for the appointment of a representative to serve on the committee. The committee is the result of a meeting in Vancouver to consider the desirability of joint action with a view to investigation and studying the P.G.E. problem in the hope of being able as a result of such study to make recommendations to the Government of helpful character in respect of the solution of the problem of the profitable operation of the railway.

The Minister of Railways having previously intimated that he would welcome such discussion, a standing committee under the chairmanship of Mr. W. G. Swann, and sub-committees were appointed as follows: Mr. Anderson, water power; Mr. Hagge, highways; Dean Clement, agriculture; Mr. H. Rindall, railway maintenance and extensions; Mr. E. A. Dietrich, tourist traffic; Mr. G. H. Cotterill, railway rates and operations; Mr. H. Mortimer Lamb is the secretary. Mr. E. A. Wheatley, associated secretary. Mr. J. J. White was appointed representative of the board.

The president reported on a visit of the Agent of Marine, Colonel A. W.

Wilby, and his representations on the condition of the wharf, mill, sawdust, and hay, clam shells. The question he put was if the wharf was an asset to the district and whether it was possible for the people of the district to undertake its care. If a wharfing was appointed he could collect dues from all who use the wharf. The committee was appointed to interview the principal users and seek to arrange for its care. Tractor and shavers driving at an excessive rate will be warned to cease or they will not be allowed on the wharf. It was decided to organize a drive to secure further membership to the board and, if possible, a 100 per cent. business man of the district. There was a fair attendance and the president, H. A. McKillop, was in the chair.

### ALBERNI'S TRIBUTE VOLUNTEER FIREMEN

Complimentary Banquet  
Marks Successes in Victoria

**Special to The Times**  
Alberni, July 15.—The Alberni City Council tendered the Volunteer Fire Brigade a complimentary banquet at the Arlington Hotel in appreciation of the great showing made by the volunteer firemen's tournament in the volunteer firemen's tournament, staged in Victoria on June 30, in conjunction with the opening of the Crystal Garden, and in which they had made practically a clean sweep winning three firsts and one second out of four events held.

His Worship Mayor L. A. Hanna occupied the chair and acted as toastmaster in a very capable way. After the dinner had been satisfied the following programme was run through.

**TOAST LIST**  
The King, proposed by Mr. A. W. Neill, M.P.; The Sister City, Port Alberni, proposed by Aid. H. B. Currie, chairman of the finance committee and responded to by Mayor R. J. Burde, mayor of Port Alberni, who spoke of the valuable assistance rendered at various times by the members of the Alberni Volunteer Fire Brigade, to the City of Port Alberni, stating that he realized that for a long time to come it would be somewhat one-sided and in favor of the port, owing to the numerous fire boats which he had and which did not exist in Alberni.

The City of Alberni, was then proposed by E. J. Cronk, the city clerk of Port Alberni, who responded to by A. W. Neill, M.P., and one of the first mayors of the city, who in the course of his reply took occasion to compliment the City of Port Alberni, stating that he had read a showing at Victoria and said it was a cause for gratification to the citizens to know that they had such a good brigade.

He then read of the wonderful success attained by Alberni in the Eastern papers before his return home from Ottawa.

The Port Alberni Fire Brigade was proposed by Alderman George Forrest and responded to by Chief Frank Harrison, who regretted that he had been unable to make arrangements to send a team from his department.

**THE CHIEF**  
The Alberni Fire Brigade was proposed by Alderman C. Durant of Port Alberni, and responded to by Chief E. E. White, who spoke of the trials and difficulties he and his men had labored under in order to send a team to Victoria and the gratification that he had felt when his team was so successful, in fact much more so than he had ever hoped to be.

Chief White spoke of the courtesy extended to himself and his men while in Victoria by Chief Vernon Stewart and the members of the Victoria Fire Department, who spoke of the very excellent way in which the various officials connected with the tournament had carried out the arrangements for the same, and to Mr. McEwen of the Y.M.C.A. for his courtesy in allowing the boys the use of the showers and the swimming pool while there.

**THE GUESTS**  
"Our Guests" was proposed by Alderman E. E. Frost, and responded to by ex-Mayor James R. Motion. A hearty vote of thanks to the Alberni City Council for the excellent entertainment provided was made by Government Agent A. G. Freeze and carried unanimously.

Dr. A. D. Clement was then called upon to present the individual prizes won by the boys at Victoria as follows:

Combination or breaking race—L. Capt. P. McFee, J. Forrest, D. Miles, J. Redford and D. Burke.  
Coupling race—L. Capt. P. Miles and J. Forrest.

During the evening Mr. Colin Bradley favored with a number of vocal solos, accompanied on the piano by Mr. R. Thompson, which were very much enjoyed by all, and a very successful gathering was brought to a close with the singing of the National Anthem.

**Why It is Good**

Here in British Columbia are some of the famous—indeed, some of the best dairy herds of America. The World's Championship was held by a Fraser Valley cow.

It is then no wonder that Pacific Milk, put up in the two best sections of the valley, is the finest, most natural flavored milk in Canada.

### Funeral Services For Alberni Pioneer

Alberni, July 15.—The funeral of the late Mr. G. Steever, an old and highly-respected resident of Port Alberni for over thirty years, was held last Friday afternoon. Services were held in St. Alban's Church by the Rev. G. A. Bagshaw, and the Masonic service was held at the graveside, conducted by W.M. Bro. Jas. R. Motion of Barclay Lodge No. 50, A.P. and A.M., of which the late Mr. Steever was a charter member.

The following acted as pallbearers: Bros. B. I. Harte, P. G. Weaver, W. Crowshaw, W. Manning, R. F. Hanna and H. N. Wood.

The late Mr. Steever was born in the State of Nebraska in January, 1850, and leaves to mourn his loss one brother in the States.

### Langford News

**Special to The Times**  
Langford, July 15.—Mrs. H. Currie's last week, by Mr. G. G. Kelly, daughter Nancy from Seattle, are visiting at Dogwood Lodge, Leith Road.

The many friends of Mr. J. Urry will be interested to hear he has left for Roschore for further eye treatment with the Mayo Brothers.

Madame H. Beauchemin of Dunford Road has her daughter-in-law, Mrs. Philip Beauchemin and two children, her from Kamloops, California.

Mrs. F. B. Morrison and son are visiting at Dogwood Lodge from Kamloops.

The Summer Invitation of Mrs. H. Simpson's music pupils will take place on Saturday at "Sherwood," Pease Lane, if wet, in the Langford School. Besides the pupils taking part will be Mrs. F. Moore, violinist, and Mrs. Pinkerton, vocalist, both of Victoria.

At the Luxton Women's Institute flower show, there were exhibits of school children's work from the nearby districts, conveyed by Mrs. H. G. Kelly, Langford school children, contributed drawings, maps and artistically arranged pressed flowers.

Believed to be the first ripe peaches, "Lanes Early," variety, were picked last week by Mr. George Elridge, Station Road, when he shipped a large box of the delicious fruit to friends in Winnipeg. The peach trees throughout the neighborhood are bearing well this year.

On Wednesday, July 22, a garden party will be held at "Marshside," Station Road, the residence of Mr. and Mrs. D. B. Bullen, the proceeds of which will be given to the Sunbeam for Crippled Children at Mill Bay, which is sponsored by the Women's Institutes of Port Alberni. The party is to be assisted by the local Women's Institute members. Rev. Wace of Victoria, who is in charge of the party, has stated that he had read of the wonderful success attained by Alberni in the Eastern papers before his return home from Ottawa.

### MARRIAGE LAWS ARE GREAT PROBLEM

Tacoma Rector Tells Pastors  
Divorce Question in U.S.  
Demands Solution

Tacoma, July 15.—Laxness of marriage and divorce laws and the resulting lowering of the standard of morals comprise one of the most serious problems to be solved in the United States today. Rev. J. Philip Anshutz, rector of Trinity Episcopal Church, Tacoma, told delegates to the twelfth annual Pacific Coast Theological Conference last night.

"My excuse for presenting this subject, 'Marriage and Marriage Laws,'" he said, "is found in the fact that divorces are increasing in the United States more than three times as fast as our population, that during the last twenty years the marital bonds of more than 2,000,000 husbands and wives have been severed and taking the United States as a whole, no less than one marriage in twelve is terminated by divorce."

### UNITED CHURCH

Describing the purpose of the recent union of the Congregational, Methodist and Presbyterian Churches of Canada, Rev. J. R. Robertson, minister of St. David's United Church of Canada, Vancouver, declared it was a venture which already showed spiritual progress.

"Characteristics of the new United Church of Canada," Dr. Robertson, "indicate that it will be a real Apostolic church, more so than either the Congregational, Presbyterian or Methodist Church was before. Yesterday's session included addresses by Rev. W. W. Craig and Rev. A. D. McKenzie of Vancouver, B.C.

At this afternoon's session of the conference a president, vice-president, secretary-treasurer and executive committee will be elected. Following a brief evening programme, the conference will close after three days of activity.

To-morrow the visitors will be taken to Mount Rainier. The programme to-day was opened with morning worship led by Rev. Edward H. Todd, president of the College of Puget Sound, after which the following addresses were given:

"The Apocalyptic Element in the Gospels," Rev. G. B. Hamilton, Kitsilano United Church of Canada.  
"Babylonian and Syrian Archaeology," Rev. Arch Tremayne, Pilgrim Congregational Church, Seattle.

"Ought Christians to Have a Special Gospel?" Rev. H. T. Archbold, Rural Dean of Victoria.  
"The Church and the Churches," Rev. Dr. John McKay, principal of Manitoba College, Winnipeg.

"Religion and Poetry," Rev. J. S. Silcox, First United Church of Canada, Congregational, Vancouver, B.C.

### THREE CAR WORKERS LOST THEIR LIVES

Niagara Falls, N.Y., July 15.—Three employees of the Matheson Alkali Company lost their lives and two are in a serious condition in a hospital here today as a result of being overcome by fumes while coating the interior of a tank car with a rubberized solution.

## REQUESTS MADE BY WESTERN MAYORS

Suggest Another Man From  
Western Canada be Rail  
Board Member

Conference Held in Edmon-  
ton Leads to Permanent  
Organization

Edmonton, July 15.—The spirit of co-operation between the prairie provinces and the Pacific Coast developed at the conference of Western mayors and other civic officials held here during three days, is to be carried into a permanent organization as a result of a decision at the closing session yesterday afternoon.

An executive committee of six members was named, composed of Mayor L. D. Taylor and ex-Mayor R. H. Gale of Vancouver for British Columbia; Mayor Hardie of Lethbridge, and Mayor Blatchford of Edmonton for Alberta, and Mayor Howard McLaren of Biggar, and Mayor J. R. McGregor of North Battleford for Saskatchewan. This committee will have power to add to its numbers and it has been instructed to continue the work begun this week and to arrange for further conventions.

After a lengthy discussion it was decided that the Government should be asked to abolish the permit system for the shipment of grain westward. An amendment sought to refer the question to the executive committee for action, but Mayor Taylor, Mayor Blatchford and G. G. McGeer, K.C., urged strongly that the conference take action at once in urging the system be abolished and the shippers be given the same privilege for shipping to the West that they now possess to ship to the East.

### EMIGRATION QUESTION

A resolution presented by ex-Governor J. W. Leedy expressing concern at the emigration from Canada and urging the Federal Government to take means to prevent such emigration, met with strong opposition from G. G. McGeer and was referred to the executive for further consideration.

Two other resolutions, which were given hearty endorsement, directed the appointment of another member for the West on the Railway Commission and that Alberta and Saskatchewan be given representation on the Vancouver Harbor Board.

Dealing with the natural products, it was pointed out in a resolution that many of these articles were being shipped abroad to re-enter Canada as finished products, and the conference expressed itself in favor of the manufacture of the raw products within Canada to the greatest possible degree.

Following the adjournment at 4 o'clock a number of the delegates were taken to the Exhibition Grounds and the conference ended with a banquet given by the city of Edmonton at 7 o'clock, which was presided over by Mayor Blatchford.

### BANK OF TORONTO BUYS BUILDING IN CITY OF VANCOUVER

Vancouver, July 15.—Purchase by the Bank of Toronto of the Union Bank Building, located at Hastings and Seymour Streets here, was announced yesterday. A sum exceeding \$600,000 is reported to have been paid for the property.

### TREATY RATIFICATION

Ottawa, July 15.—Hon. Ernest Lapointe, Minister of Justice, has gone to Washington to exchange ratifications with the United States of four treaties approved last session by the Parliament of Canada. The four treaties have to do with smuggling, extradition, the level of the Lake of the Woods and the Alaska boundary. The exchange of ratifications will take place Friday.

### LEADER RE-ELECTED

Montreal, July 15.—A. J. Alwin of Minneapolis was re-elected president of the International Federation of Commercial Travelers' Organizations at the concluding session of their convention here yesterday. It was stated the computation of the numerical strength of the federation to date was \$87,000.

## OUR QUEBEC VISITORS

THERE IS A SPECIAL significance in the trip across Canada of the group of University of Montreal students who arrived in Victoria to-day. It should be an important step in the establishment of a more intimate relationship between old Quebec and the young West; a relationship based upon ties of personal acquaintance and cordiality as well as upon material factors of trade and finance.

The personal element is the most potent constituent of Canadian unity. It is in fact an indispensable element, because there can not be real, effective unity without the knowledge which comes from personal understanding and personal contacts. This may be applied just as aptly to the West as to the East. While many Westerners know Montreal, and some know the province of Quebec and its people, we have more to learn about our French-Canadian fellow-citizens than they have to learn about us. A knowledge of Canada's pioneer province, its splendid history, the characteristics and points of view of its people, is necessary to a proper understanding of this Dominion and its problems, and we hope the visit of its eager young French-Canadian students of Montreal will be returned by a similar body of students from British Columbia. We are confident, too, that the impressions they have gained in their journey will enable our visitors to become factors of importance in the promotion of inter-provincial goodwill and the removal of sectionalism. The Canadian Pacific Railway Company is to be commended on the enterprise and vision it has shown in organizing the trip.

## PLAYING THE GAME

FRENCH AND BELGIAN troops are beginning to leave the cities of the Rhineland in accordance with the agreement of 1924 which put the Dawes plan into operation. This is an important sign of better feeling on the Continent of Europe. It is at least a new expression of good intention on the part of both France and Belgium and the effect of its practical demonstration should not be lost on Germany. The debtor nation can clear her territory of all her unwelcome visitors by being honest and above-board in connection with the armament provisions of the Treaty of Versailles. It is not enough to tell France or Belgium or Britain that her intentions are peaceful. These countries in particular will have to be shown by actual deeds that the old Germany is no longer in temporary retreat behind the cloak of the new Germany. Reluctance to abide by her treaty obligations merely supports that view and would, if persisted in, end by the reimposition of penalties. Continuance of that condition would eventually produce war. Another war would ruin Europe.

## WHAT WILL THE HARVEST BE?

BIG OAKS GROW FROM acorns. While there are a good many vaudeville features in the Scopes trial in Dayton, Tennessee, it is feared in some quarters that there may be consequences of a much more serious nature. The New York World, for example, sees a wider significance in the affair at Dayton than many of its contemporaries, and a few days ago delivered a broadside at William Jennings Bryan on account of his declaration of his intention to agitate for an amendment to the constitution of the United States prohibiting the teaching of evolution and requiring the people of the republic to accept the gospel according to Bryan.

While there is not the slightest prospect of Bryan's agitation in this respect succeeding, the World fears that it would cause the most bitter internal conflict the country has had since the civil war sixty years ago. There is plenty of justification in history for The World's

alarm. Many great upheavals, domestic and international, have arisen out of incidents just as small and ludicrous as the trial at Dayton. Europe fairly bristles with them. Not so long ago the world was brought to the brink of war every time two half-baked Balkan princes made faces at one another over the back fence. The Dayton trial may be the match which will light a conflagration of another sort. The mildest of its consequences is bound to be a controversy which will extend around the world.

## TO VISIT CANADA

QUITE A LARGE NUMBER of members of the British House of Commons have taken Premier Baldwin's hint and intend to come out to Canada towards the end of the Summer months. The visit ought to furnish the party with a good deal of information that will be useful in future parliamentary debates at Westminster.

Included among the visitors are several well-known industrialists who propose to make many inquiries into Canadian investment. This is all to the good. The suggestion that British manufacturers should be establishing branch factories on this coast has already been worn threadbare by the press of this country—fortunately it is now getting some attention in Great Britain—and the time has arrived for personal examination by the people directly concerned.

While these tours must always take on something of a holiday flavor, often resulting in many visitors missing things they want to see and understand, there should be a definite attempt on the part of reception committees and Boards of Trade to encourage the talking of "shop" on every possible occasion. It need not be made a labor for either host or visitor.

## TOO SUBTLE

IT IS SATISFACTORY TO learn from Sir Joseph Reed, a former chairman of the Press Association, now on his way across this country to Australia to attend the meetings of the Empire Press Union in that Dominion, that there is no sign of anti-Canadian propaganda in the newspapers of the Old Country at the present time.

Never was it supposed that the campaign was easily visible. But there is not the slightest doubt that a great deal more than a few grumbles from disgruntled harvesters was at the bottom of whatever went on and may still be going on in some quarters. Propaganda is not always the most effective when it is the most pretentious. We claim that the blue ruin speeches (which have been delivered by public men in this country and reported, even briefly, in Britain) are actually the most dangerous form of propaganda against Canada. It would be an excellent thing for Britain and good business for Canada if more Canadian news of the right kind found its way into Old Country newspapers. Sir Joseph Reed understands some of the difficulties in the way; but it ought not to be difficult to surmount them.

## REPUBLICAN ASIDES

IN BERLIN THE OTHER day John Jacob Schurman, United States ambassador to Germany, presented his credentials to President Hindenburg, and a dispatch says that the greeting was most cordial. There is no reason why it should have been otherwise. But it is interesting to note that the old warrior's reception of our neighbor's plenipotentiary was established by the declaration that he recalled numerous proofs of America's friendship for Germany. No doubt the executive head of the newer republic recognized the delicate irony of this remark as soon as he had made it. While it does not follow that a certain action taken by the United States in 1917 had not been taken Germany would have been victorious in the field, it has long been patent to Hindenburg that that action hastened Germany's downfall, helped to wipe out the Hohenzollerns, and eventually resulted in Hindenburg rising to the position of uncrowned king of the Fatherland. Perhaps that is what he meant.

## WORDS OF WISE MEN

We can refute assertions, but who can refute silence? —Dickens.  
 Take the earth and grind it into the smallest sand and scatter it throughout space and there will not be a grain for each star. —Agassiz.  
 The flowers of rhetoric are only acceptable when backed by the overgreens of truth and sense. —Macaulay.

## HEALTH AND DISEASE

## Value of Cod Liver Oil

Cod liver oil is valuable as a food and as a medicine. As a food it contains an easily digested and essential form of animal fat that is very important, particularly to the young, growing child. As a medicine it is as such that it is usually used; cod liver oil is important for two reasons. It contains a valuable vitamin and it seems to exert some beneficial action on the growth and development of the bones and teeth in young children. Vitamins are substances essential to human life that occur in various types of fresh animal and vegetable food.

The particular vitamin in cod liver oil is a fat soluble one, the same vitamin that is found in some other types of animal fat, especially butter. As far as the vitamin content alone is concerned, butter can be used in place of cod liver oil. The beneficial action of cod liver oil on the development of bones and teeth is due to the improvement in the utilization of an important constituent of both the bones and teeth, the lime salts, especially the calcium.

Cod liver oil is sometimes of value in adults as a tonic in conditions of weakness, loss of appetite, etc., especially when these symptoms follow a protracted illness. There is no basis for the idea that Norwegian cod liver oil is any better than that produced in Eastern Canada, and the time will undoubtedly come when cod liver oil for medicinal use will be produced here in British Columbia from our local cod fish. —AESCLAPIUS.

## Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## THE WAR MEMORIAL

To the Editor:—At a public meeting called on the initiative of the Victoria Women's Institute, held at the City Hall on May 1924, a committee was appointed to deal with the erection of a memorial to those who gave their lives for us in the war. The committee originally consisted of Miss Bowron (secretary), Miss Crocker, Mrs. K. K. Palmer, Captain C. T. Beard, R.C.N., Captain the Rev. J. Hinchcliffe, M.P.P., Captain A. E. Harrison, Captain H. W. B. Moore, Colonel F. A. Robertson, D.S.O., Messrs. Beaumont Boggs, Lester Patrick, H. T. Ravenhill, Thos. Walker and myself. Later Mr. F. B. Pemberton (treasurer) was added. Commander F. R. Brabant, R.N., succeeded Captain Beard, and finally Reeve R. Macnicol and Captain V. McKenna gave their assistance.

From the start the members of the committee have been animated by the single idea of attaining the object for which they were appointed and have unsparingly devoted themselves to it. In the thirty-three general meetings as well as numerous sub-committee meetings there have been troublesome questions to thresh out, but each member has sunk all personal considerations in the desire to achieve the end in hand. It has been a privilege to be associated with such workers.

The handsome remission of customs duties by the Dominion Government is gratefully acknowledged. Public thanks are also due to the Provincial Government and the Minister of Public Works for their assistance and sympathetic co-operation in the selection of the site and erection of the monument in Parliament Square. The Deputy Minister, also Mr. Middleton and Mr. Whitaker of that department have readily given aid and advice. The bronze work was shipped from England in the Canadian S.S. Canadian Pioneer and in order to speed its delivery against the arrival of Field Marshal Haig was trans-shipped into the S.S. Canadian Observer. The officials of the line and of the customs department have shown every courtesy. The stone work has been executed by Messrs. J. Mortimer and Sons of this city, who have shown promptitude and anxiety in carrying out the design in every detail. Grateful acknowledgments are also made to the press for the support given on all occasions.

It is not to be expected that the monument will fulfill the ideal of everyone, but it may be hoped that it will serve not only as a memorial to the cherished memory of the brave men and women who have given up their lives not in vain, but unhonored and not forgotten, but that it will be a constant reminder of our duty towards those they left, and to those who returned alive, but who, owing to the injuries and strain of the war, are handicapped in the general struggle of life. May it also contribute, in its way towards the maintenance of the rugged strength and healthy northern spirit of our Canadian nationhood.

LINDLEY CREASE, Chairman.  
 410 Central Building, Victoria, B.C., July 16, 1925.

## The WEATHER

Daily Bulletin Furnished by the Victoria Weather Bureau.

Victoria, July 16, 5 a.m.—The barometer remains high over this Province and fine, warm and dangerously dry weather will prevail eastward to Kootenay. The temperatures are moderating in the prairie and showers have occurred at Battleford and Winnipeg.

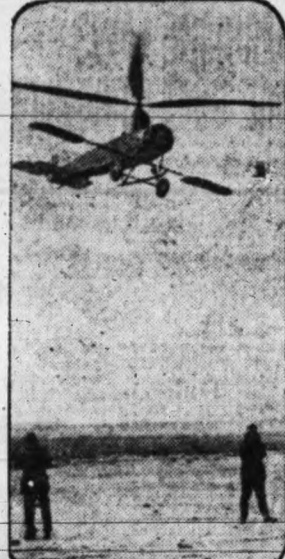

Reports  
 Victoria—Barometer, 30.15; temperature, maximum yesterday, 69; minimum, 54; wind, 4 miles W.; weather, clear.  
 Vancouver—Barometer, 30.14; temperature, maximum yesterday, 82; minimum, 64; wind, calm; weather, clear.  
 Kamloops—Barometer, 30.04; temperature, maximum yesterday, 80; minimum, 64; wind, calm; weather, clear.  
 Barkerville—Barometer, 30.08; temperature, maximum yesterday, 72; minimum, 48; wind, calm; weather, clear.  
 Prince Rupert—Barometer, 30.30; temperature, maximum yesterday, 68; minimum, 48; wind, calm; weather, clear.  
 Estevan—Barometer, 30.18; temperature, maximum yesterday, 52; minimum,

DEATH FALL—At a farewell party given her on the eve of her sailing on the Berengaria to join her husband in Java, Baroness Helen zur Muehlen fell from her room on the fifth floor of a New York hotel and was instantly killed. She was formerly Helen Carruthers of San Antonio, Tex.

KIDNAPPED—Roscoe Canada, five, was abducted by a woman while he was playing on the lawn of his paternal grandmother's home at Forest Hills, N.Y. Father and mother are separated. The boy was recently kidnapped from the mother in Texas.

UP IN THE AIR—A new type of flying machine which combines the gyroscope with the regular aeroplane made a successful flight with its inventor, Senor Laciera, before the king of Spain at Madrid, Spain.

W.C.T.U. Home.—The W.C.T.U. Home Board held its regular monthly meeting at Ida Street, with the president, Mrs. Spencer, in the chair. A good deal of business was put through. The home committee for July is Mrs. Grant, Mrs. Frank and Mrs. Burkholder. Mrs. Hayes, the major, was given one month's leave of holiday and Mrs. Suggs, a former matron, will take her place while Mrs. Hayes is away.

52; wind, 20 miles N.W.; weather, clear.  
 Portland, Ore.—Barometer, 30.06; temperature, maximum yesterday, 68; minimum, 54; wind, 4 miles N.W.; weather, fair.  
 Seattle—Barometer, 30.16; temperature, maximum yesterday, 76; minimum, 60; wind, 4 miles N.E.; weather, clear.  
 San Francisco—Barometer, 29.94; temperature, maximum yesterday, 68; minimum, 56; wind, 4 miles S.W.; weather, clear.  
 Winnipeg—Temperature, maximum yesterday, 78; minimum, 58; rain, .04.

## You Must Be Sure And You Can

Baby is too precious for food experiments. Nurse him if at all possible but if you cannot, put him on Eagle Brand at once and BE SURE his food is right. Highest medical authorities have endorsed Eagle Brand as the SAFE infant food when Nature's supply is not available. Hundreds of thousands of mothers have successfully reared their babies on it since 1857.

No matter how young baby is he will like Eagle Brand. It is absolutely pure, always the same in quality, and easily digested by the most delicate infant. Its preparation is simple and it keeps wholesome for a long time after opening the can if a glass is placed over same.

## Borden's EAGLE BRAND

up, about five furlongs, \$300—Albion Boy, won; Black Pat, second; Jessie Boloman, third. Time, 1:04.  
 Fifth race, Edmonton purse, three-year-olds and up, mile and a sixteenth, \$400—Whippet, won; Tugs, second; Challenger, third. Time, 1:53 3-5.

# Extraordinary Reductions Feature These July Clearance Bargains For Friday

## On the Warmest of Days You Can Shop Here in Cool Comfort

"How delightfully cool it is in this store," said a visitor the other day. "I've been shopping around the city and of all the stores I've been in this is the coolest of them all." We then explained to her how the store is provided with a special ventilating system which insures a complete change of air every three minutes. We explained, too, how the air before being circulated round the store by means of powerful fans, is first passed through a special cooling and filtering process insuring absolute purity of atmosphere even on the very warmest of days. "I knew there was something very different about this store," she remarked as she made her way towards the restaurant where she had arranged to meet her friends for afternoon tea.

**Hudson's Bay Company**  
INCORPORATED 27 MAY 1670

Hear cook's happy laughter pealing;  
That's the good health "Kruschen" feeling.

## That "Kruschen" Feeling!

Cook's got it now!

For years she seemed to take a positive delight in being grumpy and short-tempered. Not only were her nerves in a bad way, but her health as well; and her work was suffering in consequence. Then, being a good cook who took a pride in her work, she made up her mind that this state of things must not go on.

She decided to adopt the Kruschen habit of health — the habit of the "little daily dimful." Now the most trying day can't upset her; she does her work more thoroughly and more cheerfully than ever before, because Kruschen has shown her how.

What Bridget suffered from was working indoors all day — sweeping over fires and ovens. But since she

started taking her "little daily dimful" of Kruschen, there's been another story to tell.

Try the "little daily dimful" yourself and you will find, as she did, that it will gently but effectively free your body of all the clogging waste that has been producing fatigue, depression, nerves, rheumatism and the like; that your blood will be refreshed and purified; that in a very short time you will be tingling with health, energy and cheeriness in every fibre of your being.

That's the famous Kruschen feeling — and you can only get it out of a bottle of Kruschen Salts. Buy a 75c bottle at your druggist's to-day and start enjoying life to-morrow.

Tasteless in Coffee  
or Tea

Put as much in your  
breakfast cup as will  
keep a 10 cent salt. It's  
the little daily dimful  
that does it.

# Kruschen Salts

## Good Health for Half a Cent a Day

A 75c bottle of Kruschen Salts contains 100 doses — nearly enough for six months — which means bringing health for less than half a cent a day. The dose prescribed for daily use is one-half of a 75c bottle to-day.

SOLE IMPORTING AGENTS: CHARLES GYDE & SON, MONTREAL

## LONGSHORE LOG

Empress of Asia, inbound from Orient, 9 p.m., at William Head.  
Toyama Maru, inbound from Orient, may dock this evening, time uncertain.

Ruth Alexander, from San Francisco, docks to-day.  
Dorothy Alexander, from San Francisco, docks Saturday evening.

Africa Maru, inbound from Orient, at William Head noon on Monday.

## RHODESIAN CATTLE SHIPPED TO ENGLAND

London, July 16 (Canadian Press Cable).—A new phase of the cattle industry was introduced yesterday by the arrival at the Mersey of the first consignment of animals from Rhodesia, numbering 235. They were landed at Wallasey in first-class condition after a six weeks' journey.

## MANY FOREST FIRES

Missoula, Mont., July 16.—Scores of dangerous forest fires are burning in the Kootenay, Kaniksu and Pend d'Oreille National forests, according to Forest Service officials. They say the situation is the most menacing in years.

## Spoken by Canadian Wireless

Authors to Meet.—The July meeting of the Canadian Authors' Association will be held on Monday afternoon, July 20, at the Summer camp of Mrs. Shaw, Head Street. Members are asked to take the Esquimalt car at the corner of Yates and Government Streets at 5 o'clock.

## PRESIDENT MCKINLEY MET FAIR WEATHER IN YOKOHAMA RUN

Found Cargo Offerings Light Due to Unsettled Conditions in Far East

New Crew For Ss. Parana Arrives on Admiral Oriental Liner

Inbound from the Orient after an uneventful voyage, and running well on time, the Admiral Oriental liner President McKinley docked at 7 o'clock this morning. Captain Alvin O. Lustie reported a fine passage with seasonable weather and without incident. The President McKinley sailed from Yokohama on July 6. The anti-foreign demonstrations at Chinese ports affected her very little, though the situation has made a marked difference in all cargo movements.

**MANY PASSENGERS**  
The Admiral liner has about 1,000 passengers for the run to Seattle, and a fair general cargo. A good passenger list was swelled by the overflow from other boats sailing about the same time.  
Returning on the McKinley was a representative party of fur buyers who have made a survey of the fur catch in Siberian points and along the Kamchatka coast.  
Messrs. J. Polly, A. S. Gold, Harry Lap and J. Brimberg, included in the party, are identified with well known New York and Chicago firms.  
Lieut. J. M. Easter, Lieut. F. M. Banvard, Lieut. W. S. Wiedman, Lieut. G. H. Lytle, Ensign A. J. Homann and Ensign P. J. Hale, returned from U.S. naval service in Asiatic waters after the completion of the three-year period of engagement.

A large party of missionaries were on board, scattered points in the interior of China, and all on furlough of from eight months to a year after five and six years' duty at inland stations.  
Mr. and Mrs. Curtis King, a son and daughter, returned after a sojourn in many parts of the world.  
Others on board included Mr. Yabuta, importer of San Francisco; B. P. Sweeney, Oriental manager of Dodge and Seymour; E. B. Jones, Standard Oil Company; Geo. Dickiey of Geo. Borfeldt & Company; Kobe P. W. Gookin, retired banker and art collector of Chicago; H. M. Wolf, prominent attorney of Chicago; Comdr. D. A. Weaver, commander of Parker, U.S.N., returning for duty; Mr. Cameron, U.S. consular service; Dr. W. G. Hiltner, prominent M.D. of Shanghai; Mrs. H. W. Daniels, wife of Shanghai Standard Oil men.

For Victoria the McKinley carried Mrs. S. Barker and two sons; W. H. Barham, Miss Helen Brundage, Miss M. Cabot, Miss G. L. Cooper, Miss Louise A. Parnam, Miss A. Harris, Mrs. E. B. MacNaughton, Mrs. C. W. Marshall and Miss Marshall, Mrs. F. L. H. Pott, R. Sims, Miss E. Stedman, Mrs. J. H. Teeddale and Miss Teeddale.  
The Admiral liner brought forty-four Chinese, who will sign on as the crew of the Ss. Parana, waiting their arrival. The President McKinley sailed at 9:30 a.m. for Seattle. Close on 140 tons of cargo and light mails were put off at this port.

## Notice to Mariners

**BRITISH COLUMBIA**  
(100) Vancouver Island, East Coast—Colborne Passage—Change in Buoyage.  
(a) The black spar buoy on the south side of the channel south of Piers Island has been moved northward about 200 feet.  
(b) The red spar buoy on the north side of the channel south of Piers Island has been replaced by a red steel conical buoy.  
Latitude N. 48 deg. 41 min. 22 sec. Longitude W. 123 deg. 25 min. 24 sec.  
(101) Chatham Sound—Lucy Island—Light Increased in Power.  
Position.—On northeast extremity of the east Lucy Island. Latitude N. 54 deg. 17 min. 40 sec. Longitude W. 130 deg. 25 min. 20 sec.  
Change in light.—The power of the light has been increased by replacing the fifth order lens by a fourth order lens.

## SS. TYNDAREUS TO TAKE HUGE CARGO

Over 11,500 Tons Dead-weight Stowed Away in Her Holds For the Orient

Silk Shipment With Canadian National Was Successful; to Be Repeated

Outbound with one of the record cargoes of the year, the Ss. Tyndareus, of the Blue Funnel line, docked here at 8:30 o'clock this morning and sailed at 2 p.m. for Yokohama and Orient ports. Capt. H. N. Slater has a full ship, her papers showing a cargo of 18,000 measurement, and 11,500 tons dead-weight.

Spelter, pig iron, lead and zinc to a total of some 2,000 tons, 1,400 tons of flour, 100 tons wheat, and a large shipment of baby squares and other lumber are the outstanding features of her cargo.

**IN EIGHTY-ONE HOURS**  
The Tyndareus it was that carried the first trans-Pacific silk for the new Canadian National silk train. Her initial shipment discharged at Vancouver on the last run in 1924 amounted to some 2,000 bales, and this reached New York in a time of eighty-one hours. The first 133 miles out of Vancouver the Canadian National silk train made in 153 minutes flew over one of the roughest portions of the road.  
On her present voyage the Tyndareus will pick up another silk shipment for the C.N.R. The Ss. Achilles, which is the largest single ship to make port, and she is due on July 29. No advice have yet been received as to her sailing, stated Henry Davidson, Vancouver-Dodwell and Company agent, in town to-day.

## POSTAL RATE DOWN

Ottawa Notifies Victoria Postmaster of Reduction to British West Indies

Information has been received by Postmaster H. P. Bishop from the Federal department that the letter rate of postage to British West Indies is now reduced to 3c for the first ounce and 2c for each subsequent ounce.  
The new rate applies to the following points: Bermuda, St. Vincent, St. Kitts, Grenada, Barbados, Montserrat, Bahamas, Dominica, Jamaica, St. Lucia, British Guiana, Barbados and Lucie Honduras.

## MOONLIGHT TRIP

Tickets for the A.O.P. moonlight excursion on July 18 are disappearing fast, and those intending to take the trip are advised to secure their reservations without delay. Tickets may be had from the C.P.R. ticket office or from Levy's Cigar Stand. The Princess Adelaide will take the run, leaving at 7:30 p.m., returning at 10 p.m. The committee in charge of the affair have looked up a calendar and are positive there will be a moon visible on the night in question.

## EUROPEAN CEMENT SHIPPED FOR WORK AT SANTA BARBARA

Earthquake Ravages to be Repaired Immediately

Makura Off For Australia With Full Holds

San Francisco, July 16.—The British steamer Salmonpool and the Norwegian motorship Neptunia will arrive on this coast within a month with large consignments of cement from Europe to be used in the reconstruction work in Santa Barbara, it was learned here to-day.  
The American-Hawaiian freighter Missouri sailed from this port on Wednesday for the East Coast with 15,000 measurement tons of general cargo. This is the largest single shipment of general cargo ever to leave the port of San Francisco that was taken on in the bay district only.

The four-masted schooner Melrose, owned by the Coast Shipping Company, left here yesterday for Santa Monica where it will be used as a fishing barge.  
Completing the first voyage under the Dollar flag the liner President Lincoln arrived here Wednesday from the West Coast with a large list of passengers, including 139 Chinese steerage.

Bound for Australia and New Zealand via Tahiti, the British liner Makura sailed yesterday with a full list of passengers and a capacity amount of cargo.

## VESSEL MOVEMENTS

Homeric at New York from Southampton, July 15.  
Canadian Prospector at St. John, N.B., from Vancouver.

## ALASKA VESSELS TAKE MANY INTO NORTHERN WATERS

Captain Emmet Bruger of Seattle Convalescencing After Operation

Seattle, July 16.—Indicative of the seasonal travel out of Seattle by water, a total of 900 passengers have departed for Alaska and California points in four vessels of one line alone during the twenty-nine hours. The H. P. Alexander sailed Tuesday afternoon with 450 passengers for San Francisco and Los Angeles. Three Alaska vessels of the same line which sailed yesterday carried a like number.

After undergoing a serious operation here, Capt. Emmet Bruger, Puget Sound pilot for twenty-five years, is convalescing on Hood Canal.

## WANT EQUAL RATE ON HALIBUT SCALE

Status of American Boat at Port of Prince Rupert in Question

Petersburg, Alaska, July 16.—The Petersburg Chamber of Commerce last night adopted a resolution directed to the United States Tariff Commission asking that duty on halibut be reduced one cent to equal the Canadian duty. Parity of rates would prevent the closing of Prince Rupert, B.C., against United States fishermen by an Order-in-Council, it was explained.

## GETS TAGGED HALIBUT AND DOLLAR BONUS

Seattle, July 16.—The first halibut tagged by the International Fish Commission in connection with a study of the habits of the fish, has been caught by a fisherman of the Seattle schooner Kodiak, off Atlin Head, southeast of the Queen Charlotte Islands, in the North Pacific Ocean. It is learned here. Fastened to the halibut was a metal tag bearing the inscription "I.F.C. No. 520." The Kodiak arrived here yesterday. The tag is to be sent to the Fish Commission, and the fisherman who caught the halibut is to be given a \$1 reward.

### SOCIAL AND PERSONAL

Miss Emily Lawson Jones, who has been assistant director of nursing at the Provincial Royal Jubilee Hospital for the past three years, will leave on July 23 for Los Angeles, California, where she will resume her former position of director of nursing at the Good Samaritan Hospital. Last evening she was tendered a farewell party at the Nurses' Home, when the supervisors, nurses and Dr. Walker and his laboratory staff presented her with a handsome white gold watch and a lovely basket of flowers as a token of their affectionate regard, coupled with sincere regret at her departure. A most amusing and clever programme was presented by the nurses and their refreshments were served during the evening.

Guests recently registered at Strathearn Lodge, Shawinigan Lake, include Mr. and Mrs. Slade, Long Beach, Calif.; Mr. and Mrs. Williamson, Honolulu; Dr. R. B. Boucher and wife, A. H. Wallace and wife, Mrs. Coombs, Miss MacDiarmid, Mr. and Mrs. C. A. Bird, J. Hutchison, E. Nicholson, Mr. and Mrs. E. S. Field, T. M. Henderson, Miss M. E. Smith, Mr. and Mrs. Coons, Dr. C. Gordon Burke, Carlyle and Harold Burke, A. S. Killam, Mr. and Mrs. Fiddes, Mrs. Hartley, Master Hartley, Miss Lettich, Miss Peterson, D. C. Robertson, Mr. and Mrs. Thomas, H. G. Wilcox, H. T. Hughes, Vancouver; Mrs. R. P. Boucher, Peterson, Ont.; Mr. and Mrs. Clive Davies, Miss A. ### NEWS IN BRIEF

The Canadian Scottish will hold their third Dominion Rifle League match at the Halls' ranges on Saturday afternoon. Members will meet as usual at the Bank of Nova Scotia at 1.15 p.m.

Three hundred delegates of Vancouver lodges of the Sons of England will be visitors to this city on Saturday when they will be met by the Victoria lodges and escorted in a parade through city streets to the R. of P. Hall. An entertainment will follow. The Vancouver members will bring over their brass band, and it will head the line of march from the docks to the hall.

A golden oriole this morning visited the city hall and entranced the clerks in the city engineer's department with its handsome colorings of yellow and black. The staff, in sympathy with vain efforts to bring back to freedom, opened all the windows, and after flitting around the spacious chamber for almost two hours, the gaily colored, visitant from the open vanished.

The Navy League Sea-Cadet band, under the direction of Arthur Hodgkins, are leaving next Tuesday morning for Galiano Island, where they will give a band concert in the afternoon at a joint picnic of residents of Galiano and Mayne Islands. The boys will be accompanied by a band of the Victoria City Band, where they will be met by W. Miller Higgins' launch Traveler II, which will take them to Galiano. The band will be the guests of Paul Scoones of the Lyons, and will return to the city about Wednesday noon.

The fifth annual picnic under the auspices of Victoria Lodge 1390, Loyal Order of Moose, will be held at Rodd Hill, Esquimalt, next Wednesday. Conveyances will leave from the Public Library, commencing at 1 p.m. to 2 p.m., and a special will leave at 6 o'clock for the convenience of those unable to leave earlier. Many valuable prizes have been donated by the merchants of the city and members of the order, to be competed for in the various sporting events, and an energetic committee is working at high pressure to make the affair a huge success. In keeping with the traditions of the order, the care of dependents children, the Moose have invited all the kiddies from the Protestant Orphanage to be their guests for the day, and special plans are being made for their benefit. An outstanding feature of the event will be the attendance of the Moose band, who will play numerous selections during the afternoon.

Members of St. Paul's Presbyterian Sunday School held a successful picnic at the Willows Beach yesterday, games and sports were the chief items in the programme. The following were the winners in the races: Egg and spoon race, 1. Mary Trousdale; 2. Lenora Rogers; 3. Reta Rogers. Shoe race, 1. Robert Trousdale; 2. Gordon Dickson. Girls race, 1. Helen Templeton; 2. Louise Patterson; 3. Betty McEwan. Boys' race, 1. James Foyer; 2. Willie Templeton; 3. Bobby Trousdale. Potato race (girls), 1. Rena Smith; 2. Isabel Hunter; 3. Dorothy Humphries. Boys' race, 1. Archie Smith and James Foyer; 2. George Dickson and Andrew Miller. Boys' race, 1. Jack O'Neil; 2. J. Hunter; 3. Jimmy Hay. Girls' race, 1. Jean Smith; 2. Irma Miller; 3. Marjorie Birch. Junior girls, 1. Isabel Ord; 2. Grace Hay; 3. Margaret Hunter. Junior boys, 1. Harvey Patterson; 2. Lawrence Irving; 3. Roy O'Neil. Primary boys, 1. Jack Patterson; 2. Harvey Patterson. Primary girls, 1. Ena Foyer; 2. Ruby Foyer; 3. Florence Miller.

### AUSTRALIAN TENNIS PLAYERS WON TO-DAY

Brookline, Mass., July 16.—Gerald L. Patterson, Australia, to-day defeated Fritz Marcus, Bethlehem, Pa. last year's winner of the Longwood Bowl singles tournament, in the fifth round of competition in the thirty-third annual tournament at Chestnut Hill. The Australian won in straight sets, 7-5, 7-5, 6-3.

J. B. Hawkes, another member of the Australian Davis Cup team, also reached the semi-finals defeating Arnold Jones of Providence, R.I. in straight sets. The scores were 6-4, 6-3, 6-4.

### BAKER-SOWASH APPEAL AGAINST DEATH SENTENCE

Cite Sixty-one Grounds on Which Trial Alleged to be Faulty

Vancouver, July 16.—Notice of appeal from the verdict of the Victoria jury which found Owen B. Baker and Harry F. Sowash guilty of the murder of Capt. W. J. Gilles on the rum-runner Beryl G. near Sidney Island, B.C., last September 15, will be filed by R. C. Lowe, counsel for the two accused men, who are now in Oakalla Prison under sentence to be hanged September 4, it was announced to-day.

It is not anticipated the Court of Appeal will convene before October 4, so the convicted murderers would have to be reprieved by the Minister of Justice to permit them to prosecute their appeals; or their counsel may apply for reprieve in court.

Another argument favoring a postponement of the execution is that either Baker or Sowash, in all likelihood may testify for the defence at the trial of Charles Morris in connection with the Gilles murder, which will come up at the Victoria Fall Assizes in October.

SIXTY-ONE GROUNDS

Baker's notice of appeal totals thirteen pages and recites sixty-one grounds on which the trial judge erred in admitting rebuttal evidence for the crown of one, Marshall, and one, Johnson; that he misdirected the jury and should have charged that Sowash's confession was evidence only against him. Mr. Justice Morrison, it is alleged, should have instructed the jury that the confession was not to be taken as evidence of accomplices, such as Sowash and Stromkins.

There was no evidence to support the judge's statement that Baker associated with women of fast morals and with men who violated the law of their own country, it is contended, also, the remark that the appellant did not know anybody of substantial character. The judge erred, it is pleaded, when he told the jury Baker could afford to be treated in a cold-blooded way.

MORRIS NOT CALLED

"Another aspect of the case upon which a new trial is sought is the refusal of Mr. Justice Morrison to accede to Baker's application, before the trial opened, of a traverse, so that Morris could take the stand for him.

Exception is taken to evidence of Inspector Forbes Crooks and Inspector Parsons of the provincial police. This testimony, it is contended, should not have been admitted.

Baker's trial was prejudicial, it is alleged, through Mr. Justice Morrison instructing the jury to examine all the exhibits, which included Sowash's alleged statement intercepted by Oakalla jail officials.

### GLIMPSE OF SCOPES TRIAL IN DAYTON, TENNESSEE

The photograph reproduced above was taken on the opening day of the Tennessee evolution hearing. The first arrow points to William Jennings Bryan, leading prosecutor; second, arrow to Trial Judge John T. Raulston; third, arrow to Clarence Darrow, defence counsel; and fourth arrow to Dudley Field Malone, defence counsel. In the background are newspapermen, other members of the defence and prosecution and the jury panel. Scopes is seated at the table.

### FIVE KILLED BY MYSTERY BLAST

Reedley, Cal., July 15.—H. G. Schroeder and his four children were killed early to-day in a mystery blast which wrecked their home on a farm near here and then consumed it with flames. The children were Myrtle, twenty-four; Sarah, twenty-one; Louise, eighteen; and Arnold, eight.

Mrs. Schroeder is in Kansas and another son Edgar, seventeen, is an inmate of a Fresno hospital.

### RAIN NEEDED FOR GRAIN IN ALBERTA NOW

Heat Wave Dried Out Fields and Reduced Prospects of Yield, it is Reported

Winnipeg, July 16.—Early season prospects of a record wheat yield on the prairies have materially changed as the result of excessive heat and prolonged drought in Alberta and hail damage in Saskatchewan. In Manitoba alone the outlook is comparatively favorable and with beneficial rains a bumper crop is predicted.

The recent heat wave seriously dried out the already parched fields in Alberta, and according to authorities, many fields will be completely ruined. Timely rains, however, would save the situation at many points.

Hon. George Hoadley, Minister of Agriculture of Alberta, in a statement issued to-day, placed the average yield in the province at four teen bushels to the acre, or a total of 77,000,000 bushels on the strength of present conditions. Last year Alberta harvested 61,000,000 bushels.

With cooler temperatures generally prevailing on the prairies, further relief is promised. Rain is forecast.

### OVERNIGHT ENTRIES FOR VANCOUVER MEET

### ROTARY MEMBERS HEAR INTERESTING CONVENTION NEWS

A. Mallet and F. Blashfield Report Upon Business at Cleveland Sessions

Frank Blashfield and Arthur Mallet, delegates to the Rotary International Convention at Cleveland last month, gave interesting reports upon their experiences at to-day's luncheon of the Rotary Club at the Chamber of Commerce.

Frank Blashfield spoke enthusiastically of the entertainment offered by the delegates by the cities traversed by western delegates. Cleveland, he said, had proven a most hospitable city.

Great interest was evidenced in Victoria, large supplies of publicity literature taken to the convention by the delegates being eagerly absorbed, while on one occasion Mr. Blashfield, upon declaring himself as "from the Garden of Eden," was promptly greeted with welcome indeed, how is Victoria?

Arthur Mallet detailed the proceedings of the convention, which required four days of business sessions, the delegates being eagerly absorbed, while on one occasion Mr. Blashfield, upon declaring himself as "from the Garden of Eden," was promptly greeted with welcome indeed, how is Victoria?

### BRYAN ARGUES AT DAYTON TRIAL

Dayton, Tenn., July 16.—William Jennings Bryan made his first court argument to-day in the John T. Scopes case this afternoon. He addressed the court in support of an effort by the state to have scientific testimony excluded.

Mr. Bryan's was the first argument of the afternoon. He opened by saying he had not thought it proper before in the trial to take part in the discussion. He felt, he said, that in dealing with questions of law proper the state's authorized representative should speak.

"But, to-day," said Mr. Bryan, "we came to a decision as to which the length of this trial will depend. If the court holds as we feel it should hold, then we may reasonably expect the case is nearing the end."

### FRENCH OPPOSING CHINA CONFERENCE

Officials Say, Time Not Opportune For Discussion of Extra-territoriality

Paris, July 16.—This is not a promising time for a discussion of extra-territorial rights now held by foreigners in China is expressed in a letter signed by 170 United States missionaries in the Orient. The signers of the documents declare military intervention in the present situation by the foreign powers would, as far as the missionaries are concerned, be a disaster. They urge the missionaries to refrain from further attempts to preach the Christian message of love and brotherhood.

### VETERANS ORGANIZE

Vancouver, July 16.—Active steps to organize in Canada the British Empire Service League with a view to securing the co-operation of all veterans of the Great War in one organization with Empire connections are already in progress as a result of Earl Hall's tour of Canada, reports Cpt. Ian Mackenzie, M.P.P., Dominion Vice-president of the Great War Veterans' Association.

### EXPEDITION ADVANCES

Simla, India, July 16.—A radio message from Kashgar says members of the James Simpson-Roosevelt expedition into Central Asia for the Field Museum of Chicago are "five stations away" and are expected to reach Yarkand soon.

Court Triumph — The ladies of Court Triumphant A.O.F. will hold a meeting Friday at 8 o'clock in Foresters' Hall, for general business and initiation of candidates. Plans will be made for holding a garden party at The Grove, 246 Bank Street.

### EASTERN LEADERS DEBATE RAIL RATES

Moncton, N.B., July 16.—The Premiers of the Maritime Provinces will be asked by men appointed to-day by the Maritime Economic Conference to provide money to pay the salary of a freight rate expert who will prepare the freight rates case of the three provinces for submission to the Board of Railway Commissioners before the date set by the commission, August 15.

The economic conference was concluded this afternoon. Extended discussions to-day were intended to give viewpoints to the committees which will draw up its findings for submission to a future conference at Charlottetown probably the latter part of September. The committees will study transportation, industrial development, immigration and the economic status of the Maritime Provinces under the Confederation agreement.

Appointment of the committees will be taken care of by the Associated Boards of Trade of Prince Edward Island and the Boards of Trade of

Grumbling Wife (to neighbor): "I don't know how it is I cannot get my husband to stop at home at nights. I have tried everything, and he invariably goes out."

Neighbor: "Have you tried going out yourself?"

Tam had been out of work for a month and he was very glad when he met his pal Jim.

"Did you go after that job I told ye about last week?" asked Jim.

"I did that," responded Tam, but it was nae use. I put on a clean dicky for naething. I askit the man what wages he wad pay, and ses he, 'I'll gie ye what ye're worth.' I telt him strecht I wanted a living wage—and cam' awa' and left him!"

The batsman walked pompously to the wicket, surveyed the crowd loftily, had the sight screen moved, patted the pitch, adjusted his cap, hitched up his trousers, patted the turf again, and dug himself in.

The bowler sent down a simple ball, which shattered the stumps, and the batsman returned slowly to the pavilion.

# Athletics Hop Back Into Premier Berth

Won Doubleheader Yesterday While Washington Was  
Suffering Defeat; Giants Climb Nearer Lead in  
National League by Winning While Pittsburg  
Was Beaten by Tail-end, Boston Braves

New York, July 16—The Athletics were leading the pennant parade in the American League again to-day, three points separating them from the world's champions, while the Giants were within five points of the National League crest occupied by the Pirates.

A double-victory over the White Sox, 9-7 and 11-5 enabled Philadelphia to pass the Senators who fell before Detroit, 5-2. Rube Benton was master in the box when the Braves scuttled the Pirates.

The Cardinals failed to make headway against Virgil Barnes and the Giants won 7-3.

Burling Grimes turned in a five to four victory over Brooklyn.

The Phillies dropped the opener with the Reds, but managed to halting the game in the seventh.

After losing a 12-inning battle to the Indians 5-4, the Yanks won the last section of their doubleheader by a 4-0 score.

Ken Williams' twenty-second homer of the season figured in the Browns' victory over the Red Sox

three hours, was one of the longest in baseball history.

August 20—Winners of series of August 12 and 18 vs. Vancouver City or North Vancouver.

August 22—Winners of series of game on August 24 and third game necessary on August 27.

August 28—Winners of Mainline champions vs. Main Line, venues to be arranged.

## Wall Street TO-DAY

### Last Minute News on Stocks and Financial Affairs

New York, July 16 (By R. P. Clark & Co. Ltd.)—The list generally worked higher to-day, the different groups displaying strength at varying intervals during session. The steel early were prominent, the buying here being inspired by the more favorable steel review of yesterday, coupled with the announcement of a dividend on Vanadium Steel and also the second quarter earnings statement of the Republic Iron and Steel Corporation, which was better than had generally been anticipated. While it is undeniably true that the general proposition presents a strong surface appearance, and while the momentum of the recent upswing may prove sufficiently vigorous to further elevate values, particularly in the case of isolated specialties, still we feel that considering the extent of what had been an almost uninterrupted advance over a protracted period, it may be well to exercise discretion in making further commitments on the long side of the general list at this particular time.

New York, July 16 (By B.C. Bond Corporation's direct Wall Street wire)—The Wall Street Journal's stock market edition this afternoon says: Stocks maintained an aggressive upward course to-day with the trading gaining in breadth and volume. Buying operations spread rapidly from one group to another, resulting in substantial advances in widely diversified classes and imparting a buoyant tone to the whole market.

Increasing public participation was attracted by the rising prices and by the ease of call money to 3-1/2 per cent, compared with a high of 6 per cent at the end of June. The latter development caused a demoralized retreat on the part of the short interest built during the recent money flurry.

Steel common was actively bought and the strength of this stock led and encouraged active bullish demonstrations.

Oils were in urgent demand after a reactionary tendency in the early dealings. Some brokers are of the opinion that when the long and advance in oil stocks gets under way it will move rapidly and within a thirty-day period register substantial gains from present level.

Production figures of the American Petroleum Institute for the week ended July 11 reveal a continuance of the trend of output of light oil and practically no change from the preceding week.

Savage Arms was a feature of special strength among the industrial specialties, advancing sharply to 58 against a low of 48 1/2 in the preceding session. One large trader has been operating on the short side of this stock and the recent decline has attracted a miscellaneous bear following.

In view of the rapid growth of the electric refrigerator business, many people felt that the drop in Savage had been greatly overdone, and buying took place on the decline, reducing the floating supply. This situation resulted in a recovery, and the bears started to retreat.

Willis Overland 7 per cent cumulative preferred stock sold at a new high. The company is now paying the dividend in cash available at 3 1/2, after getting as high as six per cent in the latter part of June, indicating that firmness in the demand funds will be purely a result of the liquidation arising from half-year disbursements.

Now that funds are again finding their way back into the banks and the latter are seeking speculative opportunities, the community believe rates will remain easy. Steel's further rise followed the attention called to building operations throughout the country.

### CHICAGO GRAIN

Chicago, July 16 (By R. P. Clark & Co.)—Wheat: A turn to cool weather over night has the American Northwest led to free long selling and lower prices early, but forecast for higher temperatures again plus persistent crop damage reports from the Spring area attracted a general of aggressive buying and in late session prices advanced briskly. Early sellers found difficulty in covering once the market started upward. Reports regarding damage done wheat in Montana were rather sensational in character, some of them being credited to interests that are ordinarily conservative. That bread wheat in the Northwest has been hard hit by the recent intense heat is apparent, and Northwest markets were buoyant in the last hour. Export demand overnight remained moderate, but prices at this time will be guided almost entirely by weather conditions. Sustained hot weather at this time will wreak irreparable damage, considerable of which has already been done. We continue to recommend purchases after reasonable reactions.

Corn: Showed independent strength from the outset. Reports from the West and Southwest, some of which were semi-official, indicated damage to corn by heat. Commission house buying was improved and prices advanced well as pressure waned. The movement of corn from the country is moderating and some continued offers on spot are satisfactory. A charter for 120,000 bushels of corn to Buffalo was reported. Shipments from this market totaled 52,000 bushels. On recessions favor the buying side.

Oats: Manifested a firm undertone and moved up with other grains. Commission houses had resting orders to buy on all weak spots. Pressure was light and indications were that the liquidation in evidence the last few days had spent its force. Iowa reports late oats hurt by recent heat. Commercial demand for oats continued active, with shipments locally were 48,000 bushels on dips. Favor purchases for moderate turns.

Rye: Moved up with the leading

## MUTT AND JEFF

They Start the Week in Salt Lake City and Casper, Wyoming

THE FAMOUS TOURISTS SPENT THE MORNING IN SALT LAKE CITY WHERE THEY VISITED THE FAMOUS MORMON TEMPLE. JEFF, TOOK A PLUNGE IN THE CELEBRATED SALT LAKE. HE WAS AMAZED TO FIND HE FLOATED LIKE A CORK. MUTT TOLD HIM IT WAS BECAUSE HIS HEAD IS A VACUUM.

JEFF, LET'S COMPETE WITH U.S. SENATOR WARREN OF MONTANA AND RAISE SHEEP! I DON'T KNOW MUCH ABOUT SHEEP BUT I STARTED TO RAISE HORSES ONCE!

I BOUGHT ONE HORSE AND EXPERIMENTED WITH HIM IN ORDER TO CUT DOWN THE FOOD BILL I MIXED SOME SAW DUST IN HIS OATS! THE FIRST DAY I PUT IN ONLY A LITTLE SAW DUST!

I WAS FOOLING THE HORSE EASY AS PIE AND IN A WEEK I WAS FEEDING HIM A MIXTURE OF HALF OATS AND HALF SAW DUST!

I KEPT PUTTING IN LESS OATS AND MORE SAW DUST AND THEN JUST WHEN I SUCCEEDED IN GETTING HIM TO EAT SAW DUST WITH NO OATS IN IT - THE DARN FOOL UP AND DIES!

IN CASPER, WYOMING THEY WERE EXTENDED THE GLAD MITT. BOB ELLISON, VICE PRESIDENT OF THE MIDWEST REFINING COMPANY, GAVE THEM 5 GALLONS OF GAS - ENOUGH TO GET THEM TO BUTTE. - JUDGE BRENNAN JUST LAUGHED WHEN JEFF ASKED HIM HOW HE WAS MAKING OUT ON HIS SALARY OF \$62.50 A MONTH.

CASH ON HAND \$39.70

## Victoria Daily Times

Advertising Phone No. 1090

RATES FOR CLASSIFIED ADVERTISING

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc.

15c per word per insertion. Contract rates on application.

### TRIAL DATE SET

Los Angeles, Cal., July 16.—Trial of Herbert Wilson, one-time evangelist of London, Ont., and convicted murderer, his brother, Frank B. Wilson, and Jack Elerick, Joe Bertsch, Harry T. Robinson and Max Newman, accused of participation in the Los Angeles mail truck robbery of November 3, 1921, yesterday was set in Federal Court for October 5.

He thinks you perfect... even to your little toe

Of course, he accepts you as you are. But wouldn't there be just a little shock of disillusionment, if he discovered you had corns?

Romance has clustered around beautiful feet. Think of Cinderella, of Trilby, of the rosy-footed Aurora! Did their feet have corns? ... The advent of a corn is nothing to be ashamed of. But its continuance is. ... Any dainty shoe may cause a corn. But when a corn can be removed so quickly—and so safely and surely—why keep it for months and years?

**Blue-jay**

THE QUICK AND GENTLE WAY TO END A CORN

### FIRST COME, FIRST SERVED

**RECENTLY BUILT 5-ROOM BUNGALOW** in suburban locality with large frame barn and chicken houses for 500 birds; about three acres cleared. Property is on main road, quiet street car, railway. Price for quick sale, \$1,400. Easy terms to responsible party.

## ONTARIO INFANT SCALDED TO DEATH

**Tragedy in Belleville Home; Two Montreal Automobile Deaths**

Ottawa, July 16.—In Eastern Canada yesterday there were several fatalities and accidents likely to prove fatal.  
The infant child of J. Roderique was so badly scalded at her home at Belleville, Ont., when a pot of soup toppled over on her that she soon died.  
Jules Cadieux, thirteen, was instantly killed in Montreal when he fell out of an automobile under the wheels of a street car.  
Raymond Bernier, twenty-four, was practically scalped when dragged by an automobile after being knocked down in Montreal.  
Henri Le Vasseur, fifteen, was drowned while bathing near Three Rivers, Quebec.  
The body of a middle-aged man, as yet unidentified, was recovered from the St. Lawrence River at Quebec.

### BEDTIME STORY

**Uncle Wiggily and the Blackberries**

Copyright, 1925, by McClure Newspaper Syndicate.

(By Howard R. Garis)

"Who would like to come hunting with me?" asked Uncle Wiggily one day as he stood in front of his hollow stump bungalow, twinkling his pink nose.  
"I would! I would! I would!" cried each and every one of the forty-eight, or more, little rabbit boys and girls whom Mr. Longears had taken to live with him.  
"What are you going to hunt?" asked Skipper.  
"If it's the Wozzie Wolf I'd better bring my pop gun," cried Nipper.  
"You won't need a gun!" laughed Uncle Wiggily. "We are only going to hunt for berries. All the weapons you will need are your ears and your eyes. So off to the woods after berries you pick!"  
"Hurray! Hurray!" cried the little rabbit boys and girls as they raced into the bungalow after their pop guns and baskets.  
"I know where they will put most of the berries they may pick," laughed Nurse Jane Puzzy Wuzzy, as she looked at Uncle Wiggily.  
"Where?" asked the bunny gentleman.  
"Into their mouths!" went on the muskrat lady housekeeper.  
"That will be all right. The more berries they eat the less pie they will want and there will be so much more for me!" laughed Uncle Wiggily.  
So off to the woods and fields he hopped with the little boy and girl rabbits. Soon Jingle cried:  
"Oh, look what great big red strawberries!" But as she was go-

Through the bushes came sneaking the Wozzie Wolf.

ink, are those purple berries, though sometimes they are used for medicine. They are poke berries.

They are poke berries for eat—not for medicine," cried Skipper.

"That's right," said Uncle Wiggily, and soon he had the little rabbits to a patch of bushes on which grew hundreds of large, black, shining berries.

"Are these good?" asked Wizzle.

"These are fine blackberries for making pies," answered Uncle Wiggily.

"See how quickly you can fill your pails and baskets."

Well, each of the little boy and girl rabbits picked a few of the berries which they dropped into their pails or baskets, but pretty soon Wozzie (tasted one and, finding it good, ate it all up. Then Skipper and Nipper swallowed some of the berries, as did Jingle and Jangle, and soon, just as Nurse Jane had thought, the little bunnies were eating more berries than they put away to bring home.

But Uncle Wiggily didn't mind that, and he soon had his basket filled, and it was well that he did. For, pretty soon, through the bushes came sneaking the Wozzie Wolf.

"Oh! Look who's here!" cried Jingle, who saw the bad chap first.

Uncle Wiggily, near whom the Wolf stood, gave such a jump that a lot of the blackberries spilled from the bunny's basket and rattled down on the Wolf's head.

"Oh, he's throwing black bullets at me!" howled the Wolf, for blackberries look somewhat like bullets.

"Oh, I'm shot! I'm shot!" howled the bad chap, and, really thinking he was away, he ran to his den.

"Ha! Ha!" laughed the rabbit uncle when the bad chap was away. "It is a good thing I didn't eat all my blackberries! I had some left to shoot the Wolf with." And after that the little bunnies put some berries in their pails or baskets until there were enough for Nurse Jane to make many pies, which she did.

So it all happened for the best, you see. And if the front door key doesn't try to wind up the clock and make it strike the baseball out in the back pantry, I'll tell you next about Uncle Wiggily and the sassafras.

**MAN LOST LIFE**

Lake Windermere, July 16.—William Chamberlain of Wilmer was killed and Donald McLeod of the same place was badly injured yesterday when an automobile in which they were driving over the Toby Creek Road to Paradise Basin plunged over an embankment fifteen miles from here and hurtled down the cliff.

## "The Steadfast Heart"

By Clarence Budington Kelland

Titus Burke died before daylight. He was not a man of peace, his joy his fortitude. True, he had made his confession, had dickered with God, but in no spirit of abnegation, with no humbling of heart or prostration of soul.

What he had done had been by way of a bribe to the Almighty.

The news was communicated first to Henry G. Woodhouse. Craig and Dave laid before him the facts and proofs.

What shock of joy, what rebirth of faith and confidence in the excellence of his Creator came to Henry G. no man may say—for he retired to his room, there to remain in privacy—alone with his thoughts and his God—while Craig and Dave waited.

After an hour he reappeared, and his face was a face of peace, his joy his fortitude. True, he had made his confession, had dickered with God, but in no spirit of abnegation, with no humbling of heart or prostration of soul.

What he had done had been by way of a bribe to the Almighty.

The news was communicated first to Henry G. Woodhouse. Craig and Dave laid before him the facts and proofs.

The news was communicated first to Henry G. Woodhouse. Craig and Dave laid before him the facts and proofs.

What shock of joy, what rebirth of faith and confidence in the excellence of his Creator came to Henry G. no man may say—for he retired to his room, there to remain in privacy—alone with his thoughts and his God—while Craig and Dave waited.

After an hour he reappeared, and his face was a face of peace, his joy his fortitude. True, he had made his confession, had dickered with God, but in no spirit of abnegation, with no humbling of heart or prostration of soul.

What he had done had been by way of a bribe to the Almighty.

The news was communicated first to Henry G. Woodhouse. Craig and Dave laid before him the facts and proofs.

## SCHOOL DAYS By DWIG

## Crawford Estate Division is Asked

Frederick, N.B., July 16.—Colonel Percy A. Guthrie of Boston, Mass., has left Frederick for Ottawa, where he will stay Friday for Ireland, where on behalf of the organized Crawford family he will lay claim to the famous Crawford estate, which was valued in 1894 at \$5,500,000 and is now believed to be worth much more.

## ALBERTA FARMERS HOPE FOR RAIN

Lethbridge, July 16.—With only one fairly general rain in three weeks coupled with hot weather, crops, which promised a bumper harvest in June, have been fading away. Good summer fallow crops are standing up well and filling for an average yield. Wheat sown on stubble is more or less a failure. Irrigated crops are the best in years where water has been applied. Sugar beets will make a big crop.

## BRITAIN REJECTS NEW PLAN TO SEND TROOPS TO TANGIER

London, July 16.—Right Hon. Austen Chamberlain, Foreign Secretary, outlined Great Britain's position on the Moroccan situation in replying to a question in the House of Commons yesterday.

## Prince Talked With Rhodesia Chiefs

Broken Hill, Northern Rhodesia, July 16.—The Prince of Wales commended his programme in Northern Rhodesia with a round of visits here yesterday. Apart from the official receptions, the main feature of the day was a meeting of the Prince with native chiefs from all parts of the territory.

## Artillery Training

Orders of the 55th Battery C.F.A. Major T. R. Monk commanding. All ranks of the Sarcee detachment will parade at the Armouries, Bay Street, at 8 p.m., Thursday, July 16, and at 8 p.m., Friday, July 17, also the purpose of issuing equipment and final instructions. The detachment will embark for Sarcee at 11:45 p.m., Friday, July 17.

## FIRE PENALTY

Williams Lake, B.C., July 16.—Before Magistrate McGee, Chief Charles Boy of the Redstone band of Chilcotin Indians was convicted yesterday of setting a fire on the range in contravention of the Forestry Act and was sentenced to a fine of \$25 or one month in jail with hard labor.

## FIVE PERSONS INJURED

London, July 16.—Five United States citizens and an English chauffeur were injured to-day when a sightseeing automobile in which they were riding skidded and overturned at Langham. One American woman suffered a fracture of her collarbone. All the other injuries apparently were not fatal. All names were refused by members of the party.

## THE GUMPS—TAKING THE AIR

**THE ARISTOCRACY OF SODA SERVICE**  
LIGHT LUNCHEONS, AFTERNOON TEAS  
Seats for Four Hundred. Continuous Service 8 a.m. to 11 p.m.  
Corner Fort and Douglas Streets

Kelowna, B.C., July 16.—Gujar Singh was committed yesterday for trial by Magistrate F. Weddell on a charge of murder in connection with the death last Saturday night of Tarah Singh.

Winnipeg, July 18.—With the object of contesting all the seventeen federal ridings in this province at the next Dominion election, which is expected to be held in the fall, the Manitoba Liberal party will proceed at once with reorganization arrangements affecting the entire province. The initial steps were taken at a meeting held in this city last night when those present included the Manitoba Progressive members of parliament.

Attention was first given to a common policy; an interprovincial convention will be held in the near future. Preliminary steps were taken for the purpose of securing the attendance of the meeting will be announced later.

Considerable attention was given at the meeting and night sessions to the necessity of having an official statement will be issued soon.

Edmonton, July 26—The adjourned session of the Alberta Legislature will begin August 3.

PURE Creamery Butter
